

NSF GRFP Boot Camp

Fall Quarter 2016

School of Chemical, Biological, and Environmental Engineering

Oregon State University

2016.09.26

BOOT CAMP SYLLABUS

Facilitator: Travis WalkerEmail: travis.walker@oregonstate.edu

Office: Gleeson 211

Office Hours: by appointment

Dates: 2016.10.03-2016.10.07**Time:** MTWF 1800-2000**Classroom:** Gleeson 100

Course Overview & Objectives: This boot camp is designed to provide future, incoming, and current graduate students seeking a research based M.S. or Ph.D. with an opportunity to develop a fellowship grant application and, if applicable, submit. We will be specifically targeting the National Science Foundation Graduate Research Fellowship Program (NSF-GRFP); however, other proposal efforts are welcome.

Useful Information: In addition to the very useful information found at the links below, we will review a variety of other information in the sessions.
